

Future Nest Infra – Homepage Redesign Implementation (Light Theme Edition)

Project Vision

Transform Future Nest Infra into a modern investment storytelling platform focused on Dholera Smart City.

The website should feel like:

- Apple Product Pages
- NGA.gov
- Stripe
- Linear
- Modern Architecture Studio Websites

Avoid:

- Typical Indian real estate layouts
- Generic property cards
- Heavy gradients
- Dark luxury themes
- Cluttered sections

The homepage should communicate:

"Investing in the future of India's next great city."

Design System

Visual Direction

Clean. Editorial. Architectural. Future-focused.

Think infrastructure magazine rather than property brokerage.

Motion System

Use:

- GSAP
- ScrollTrigger
- Lenis
- Framer Motion

Animation Principles:

- Smooth
- Slow
- Intentional
- Cinematic

Avoid:

- Bounce effects
- Over-rotation
- Excessive motion

Everything should feel premium.

Layout System

Max Width

1440px

Content Width

1280px

Grid

12 Columns

Spacing

Section Padding:

160px Top 160px Bottom

Navigation

Transparent at page load.

Changes to white background after scrolling.

Left:

Future Nest Infra Logo

Right:

Home Dholera SIR About Contact

CTA Button:

Book Consultation

Interaction:

Magnetic hover effect.

SECTION 01

Hero Narrative

Height:

300vh

Pinned Story Section

Video remains fixed while content changes.

Scene 01

Background:

Drone footage of Dholera

Headline:

Invest In India's Future Smart City

Subtext:

Strategic land investments backed by infrastructure, connectivity and long-term growth.

CTA:

Explore Dholera

Book Consultation

Scene 02

Text scales down.

Video zooms slightly.

Headline:

Most People Wait For Growth.

Scene 03

Image separates from typography.

Headline:

Smart Investors Move Early.

Scene 04

Full-screen visual reveal.

Headline:

Welcome To Dholera Smart City.

SECTION 02

Why Future Nest Infra

Layout:

Large editorial heading on left.

Feature cards on right.

Heading:

Why Investors Trust Future Nest Infra

Use content from current website.

Cards:

Strategic Property Selection

Transparent Investment Process

Market Expertise

Future Growth Opportunities

Investor-Centric Approach

Interaction:

Cards rise subtly on hover.

SECTION 03

The Dholera Story

NGA-style scroll narrative.

Pinned section.

Height:

500vh

Chapter 01

Vision

Large typography.

Image emerges from behind text.

Chapter 02

Connectivity

Airport Expressway Industrial Corridors

Chapter 03

Industry

Semiconductor Manufacturing Logistics

Chapter 04

Demand

Businesses attract people.

People create demand.

Chapter 05

Growth

Infrastructure creates value.

SECTION 04

Infrastructure Ecosystem

Large interactive map.

White background.

Minimal design.

Map Locations:

Airport

Expressway

Industrial Zone

Residential Zone

Metro Connectivity

Activation Area

Interaction:

Hover hotspot.

Reveal information panel.

Map gently zooms.

SECTION 05

Featured Opportunity

Use existing Dholera content.

Layout:

60% Image

40% Content

Content:

India's First Greenfield Smart City

DMIC Strategic Location

Massive Infrastructure Investment

Future Industrial Hub

CTA:

Download Brochure

Talk To Advisor

SECTION 06

Key Statistics

Apple-style metrics section.

Large numbers.

White space.

Example:

920+

Square Kilometres

100 KM

From Ahmedabad

Multi-Billion

Infrastructure Investment

Largest

Planned Smart City Project

Numbers should dominate visually.

SECTION 07

Investment Opportunities

Accordion Panels.

Large image-based layout.

Only one panel expanded.

Categories:

Residential Investments

Commercial Opportunities

Land Banking

Each panel includes:

Image

Description

CTA

SECTION 08

Why Dholera Matters

Bento Grid Layout.

Large cards.

Topics:

Airport Development

Industrial Corridor

Government Backing

Smart Infrastructure

Economic Growth

Future Appreciation

Subtle hover animations.

SECTION 09

Future Value Calculator

Interactive investment calculator.

Inputs:

Investment Amount

Investment Duration

Expected Growth Rate

Outputs:

Projected Value

Estimated Growth

Future Return

Animated counters.

Lead generation opportunity.

SECTION 10

Investor Journey

Horizontal storytelling roadmap.

Step 01

Consultation

↓

Step 02

Property Selection

Step 03

Site Visit

Step 04

Documentation

Step 05

Investment

Step 06

Growth

Animated progress line.

SECTION 11

About Future Nest

Editorial layout.

Large portrait image.

Minimal copy.

Statement:

Helping investors identify future-ready opportunities through strategic land investments.

Optional:

SECTION 12

Testimonials

Floating card layout.

No carousel.

Cards move subtly.

Glass effect.

Minimal shadows.

SECTION 13

FAQ

Conversational UI.

Questions appear like messages.

Answers expand naturally.

Smooth transitions.

SECTION 14

Final Call To Action

Height:

100vh

Background:

Soft Blue Gradient

Gradient:

2563EB → #60A5FA

Typography:

White

Headline:

The Future Is Being Built Today.

Subheadline:

Secure your position in one of India's most ambitious smart city developments.

Buttons:

Book Consultation

Download Brochure

Contact Us

Background Animation:

Slow moving aerial footage.

Video:

Lazy loaded

Performance Target:

90+ Lighthouse

60 FPS animation minimum

Success Criteria

The homepage should make visitors feel:

"I am investing in the future of India."

Not:

"I am browsing a property listing website."

The experience should be 70% storytelling and 30% sales-focused.

Every section must reinforce infrastructure growth, smart-city development, and long-term investment potential.
